LEONEL PEREIRA
Manager

In front of new and difficult worldwide situation we are currently living, we present stronger and eagerness than ever, the new 2021 season catalogue, the reflection from fighting and overcoming spirit from all company members, which I would like to thank their infinite commitment and connection, even on a higher level if possible, at present. Even against difficult situations with invaluable support from our customers and suppliers, which believes firmly on our project: Continue at the vanguard with constant development and innovation in order to get that our fishing passion encourage us at highest level and helps all of us to overcome this stage. The main part from Earth is water, the fisherman job is simple: choose best part of it.

En esta nueva y difícil situación a nivel mundial que nos ha tocado vivir, queremos presentaros con más ilusión y fuerza que nunca el nuevo catálogo para la temporada 2021, que es un reflejo del espíritu de lucha y superación de todos los componentes de esta empresa, a los cuales quiero agradecer su infinito compromiso y vinculación, más si cabe en este momento. Siempre, aun en las situaciones más difíciles y con el inestimable apoyo de nuestros clientes y proveedores, que creen firmemente en nuestro proyecto: El seguir a la vanguardia del desarrollo e innovación constante del producto, a fin de conseguir que nuestra pasión por la pesca nos reconforte lo máximo posible y nos ayude a superar esta etapa. La mayor parte de la tierra es agua, el trabajo de un pescador es simple: Elegir la mejor parte.

Dans cette nouvelle et difficile situation mondiale que nous devons vivre, nous voulons vous présenter avec plus d'illusion et de force que jamais le nouveau catalogue pour la saison 2021, qui est le reflet de l'esprit de combat et de surpassement de toutes les composantes de cette entreprise, que je tiens à remercier pour leur engagement et leur lien infinis, encore plus en ce moment. Toujours, même dans les situations les plus difficiles et avec le soutien inestimable de nos clients et fournisseurs, qui croient fermement en notre projet : rester à la pointe du développement et de l'innovation constante des produits, afin que notre passion pour la pêche nous réconforte au maximum et nous aide à surmonter cette étape. La plupart des terres sont de l'eau, le travail d'un pêcheur est simple : il faut choisir la meilleure partie.

PARTICULAR CONDITIONS

Artfishing, SL is not responsible for loss or damage to the goods if not specified in the delivery note. No claims will be accepted after two days of receiving mentioned goods. Claims to the carrier, either by breakage / blow or bundle loss, which is not stated so in the time of delivery on the voucher, can not be claimed to the insurance company, being invalidated such replacement by Artfishing, SL.
Freight cost: Incoterm EXW, except agreed conditions.
In case of delay or non-payment, the statutory rate, increasing it by two percentage points, plus the cost of the associated financial cost (minimum 12 €) will be applied.
In the case of return of goods, including repairs, need to have previous Artfishing, SL authorization.
Any returned goods by other way than that established procedure will be rejected. In unjustified returned goods, administrative expenses deducted and handled with a minimum of 10% of the credit note, plus associated freight costs. Returns of items not listed in this catalog will not be accepted. In any case explanatory note must be attached. The cost of repairs and the freight at the customer side.
Any taxes, whether direct or associate, are not included in the price reflected in this catalog. Prices in this catalog annul previous ones.
Artfishing, SL reserves the right to modify products or prices presented in this catalog without prior notice, if necessary. All diameters and resistances indicated are approximate values. Carbon is electrically conductive material, do not use products such material in overhead electric lines or during stormy days. All rights reserved. Prohibited the total or partial reproduction of texts and images without the express permission of Artfishing, SL
Retention of title: The goods supplied shall remain the property of the seller until the buyer has completed the payment of total amount and there is no balance in favor of the seller.
Does not constitute payment the acceptance of documents or delivery by the purchaser of documents that create an obligation of payment. seizure by third parties, the buyer agrees to inform the seizure taker of the clause "Retention of Title" on goods supplied by the seller, and the seller, the seizure that has been subjected.
Jurisdiction: By express conviction, disputes arising shall be the responsibility of the Courts of Barcelona (Spain), renouncing all others.

CONDICIONES PARTICULARES

Artfishing, S. L. no se responsabiliza de la pérdida o deterioro de la mercancía si no se especifica en el albarán de entrega. No serán aceptadas reclamaciones después de dos días de la recepción de la misma. Las reclamaciones a la empresa de transporte, ya sea por rotura/golpe o por falta de algún bulto, que no se hagan constar en el momento de la entrega en el comprobante, no podrán ser reclamadas a la empresa aseguradora, quedando invalidada dicha sustitución por Artfishing, S. L.
Portes: Incoterm EXW, salvo condiciones pactadas.
En caso de demora o impago, se devengará el tipo legal del dinero, incrementándolo en dos puntos porcentuales, más los gastos de devolución y el coste financiero asociado (mínimo 12 €).
En el caso de devolución de mercancía, incluyendo reparaciones, sólo se aceptará a portes pagados cuando Artfishing, S. L. autorice dicha devolución, siempre a través de nuestra agencia de transporte, y mediante un número indicado expresamente por la empresa.
Cualquier mercancía devuelta por procedimiento distinto al establecido será rechazada. En devoluciones de mercancía no justificadas se deducirán los gastos de administración y manipulación, con un mínimo del 10 % del abono correspondiente, más los portes asociados. No se aceptarán devoluciones de artículos que no figuren en el presente catálogo. En todo caso deberá adjuntarse nota explicativa. El coste de las reparaciones y los portes correrán a cargo del cliente.
Cualquier tipo de impuesto, ya sea directo o asociado, no está incluido en los precios reflejados en este catálogo. Los precios de este catálogo anulan los anteriores.
Artfishing, S. L. se reserva el derecho de modificaciones en los productos o precios presentados en este catálogo, sin previo aviso, en caso necesario. Todos los diámetros y resistencias indicados en el mismo son valores aproximados. El carbono es material conductor de electricidad, no utilizar productos con dicho material en proximidades de tendidos eléctricos ni en días de tormenta. Todos los derechos reservados. Prohibida la reproducción total o parcial de textos e imágenes sin la autorización expresa de Artfishing, S. L.
Reserva de dominio: Las mercancías suministradas serán propiedad del vendedor, hasta que el comprador haya completado el pago del importe y no exista saldo a favor del vendedor.
No constituye pago la aceptación y descuento de letras o la entrega por parte del comprador de documentos que creen una obligación de pago, tales como cheques, pagarés, etc., hasta que hayan sido debitados en la cuenta del comprador. En caso de embargo por parte de terceros, el comprador se compromete a informar al embargante de la cláusula de "Reserva de Dominio" sobre las mercancías suministradas por el vendedor, y al vendedor, del embargo que ha sido objeto.
Jurisdicción: Por convicción expresa, los litigios que pudieran surgir serán competencia de los Tribunales de Barcelona, con renuncia expresa de todos los demás.

CONDITIONS PARTICULIÈRES

Artfishing, SL n'est pas responsable de la perte ou des dommages aux marchandises si non spécifié dans le bordereau de livraison. Aucune réclamation ne sera acceptée après deux jours de sa réception. Des revendications à l' entreprise de transport, soit pour dommage ou l'absence d'un colis, qui n' est pas indiqué sur le bon de livraison, ne peut être réclamé à la compagnie d'assurance, étant invalidé tel remplacement par Artfishing, SL.
Ports: Incoterm EXW, sauf conditions convenues.
En cas de retard ou impayé, nous rajoutons le taux légal qui augmente de deux points de pourcentage, plus le coût de renvoi et le coût financier associé (minimum 12 €).
Dans le cas de retour de marchandises, comprises les réparations, seulement sera accepté le franco de port quand Artfishing, SL autorise cette opération, moyennant l'agence de transport et nombre référence expressément indiqué par l'entreprise.
Toute marchandise retournée autre que selon la procédure établie sera rejetée. Dans les retours de marchandises injustifiées, les coûts d'administration et manipulation seront appliqués , avec un minimum de 10% de l' avoir correspondant, plus les coûts de transport associés. Nous n'accepterons pas les retours d'articles ne figurant pas dans ce catalogue actuel. En tout cas, il devra être jointe une note explicative. Le coût des réparations et les frais de transport seront supportés par le client.
Toutes les taxes, qu'elles soient directes ou associées, ne seront pas inclues dans le prix du catalogue. Les prix dans ce catalogue remplacent les antérieurs.
Artfishing, SL se réserve le droit de modifier les produits ou les prix présentés dans ce catalogue sans préavis, si nécessaire. Tous les diamètres et résistances indiquées ici sont approximatives. Le carbone est un matériau conducteur d'électricité, ne pas utiliser de produits de ce matériau à proximité de lignes électriques ou les jours d'orage. Tous droits réservés. La reproduction totale ou partielle des textes et des images sans l'autorisation expresse de Artfishing, SL est rigoureusement interdite .
Réserve de propriété: Les marchandises livrées restent la propriété du vendeur jusqu'à ce que l'acheteur a terminé le paiement du montant au 100% et il n'y a aucune balance en faveur du vendeur.
Ne constitue pas paiement une acceptation et escompte des effets pour part du acheteur des documents qui créent une obligation de paiement tels que les chèques, lettre credit, etc., jusqu'à ce qu'ils soient débités sur le compte de l'acheteur. En cas de saisie par des tiers, l'acheteur accepte d'informer le tiers saisi de la clause "Réserve de propriété" sur les biens fournis par le vendeur, et au vendeur, de la saisie qui a été soumis.
Compétence: Par conviction express, les litiges découlant seront à la charge des Tribunaux de Barcelone (Espagne), renonçant à tous les autres.

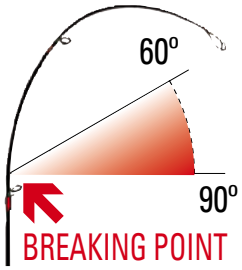
CADT19	1,98



The Spinnig rods don't properly work in the area between the 60 and 90 degrees of curvature (**RED ZONE**), so any fishing action between these angles must be avoided. If the manufacturer's advised limits when handling catches or lures are surpassed, **the damages will not be covered by the guarantee**, because of the undue use of the rod.

Las cañas de spinning no trabajan correctamente en la zona comprendida entre 60º y 90º de curvatura (**RED ZONE**), por lo que se debe evitar cualquier acción de pesca entre ambos ángulos. Si se sobrepasaran estos límites aconsejados por el fabricante al manejar señuelos o capturas, y se produjera una rotura, **la garantía no cubrirá los daños** por la utilización indebida de la caña.

Les cannes de Spinnig ne fonctionnent correctement dans la zone comprise entre les 60º et 90º de courbure (**RED ZONE**), dont on doit éviter toutes actions de pêche entre ces angles. Si on surpasse les limites conseillées pour le fabricant en travaillant avec des leurres ou captures, **la garantie ne couvrira les dommages**, pour l'usage incorrect de la canne.

Reel for Surf Casting, Carp Fishing, for boat etc. • Brake multi stop system • Body of graphite slim and light • Bearing and guide thread • Stainless Steel • Aluminium and Graphite Spool • Handle Aluminium CNC left/right • Shaft stainless steel

Carrete para Surf Casting, Carp Fishing, Embarcación etc. • Sistema de freno multi stop • Cuerpo de Grafito ultra fino y ligero • Cojinetes y guía hilos Acero Inoxidable • Bobinas de Aluminio y Grafito • Manivela Aluminio CNC izq./der. • Eje Acero Inoxidable

Moulinet pour Surf Casting, Carp Fishing, embarcation etc. • Système de frein multi stop • Corps en Grafite ultra fin et léger • Palier et guide fils en Acier Inox. • Bobines d'Aluminium et Graphite • Manivelle d'Aluminium CNC gauche/droite • Axe en Acier Inoxidable

Spool	Capacity (mm/mts)	Capacity (n/mts)
9000	0,40/260 • 0,45/200 • 0,50-160	6/260 • 8/200 • 10/160
10000	0,40/500 • 0,48/420 • 0,57/280	6/260 • 9/420 • 10/280

TORA

Ref.
XC-TO10

PROFILE

Body and rotor in graphite • Front brake • One-way clutch • Titanium pick up bearing • CNC aluminum handle interchangeable (left-right) • Aluminum spool with two Tons processe

Cuerpo y rotor de Grafito • Sistema freno delantero • Embrague unidireccional • Rodamiento guia-hilo Titanio • Empuñadura Aluminio CNC intercambiable (izq.-der.) • Bobina Aluminio procesada con dos Tons

Corps et rotor en graphite • Système de frein avant • Embrayage unidirectionnelle • Roulement guide fil en titane • Poignée en aluminium CNC interchangeable (droite-gauche) • Bobine en aluminium

RUNNER 60

All-round reel, ideal for various types of fishing • Multi-stop braking system • Body and handle designed for comfortable handling • Handle interchangeable from right to left • Lightweight graphite body

Carrete todo-terreno, ideal para gran número de modalidades de pesca • Sistema de frenado multi-stop • Cuerpo y empuñadura diseñados para un manejo confortable • Empuñadura intercambiable, de derecha a izquierda • Cuerpo de grafito ligero

Moulinet tout terrain, idéal pour tout type de pèche • Corps et poignée ont été développé pour un usage confortable • Poignée interchangeable de droite à gauche et inversement • Corps en graphite léger

Ref.	Spool capacity (mm/mts)
XC-RUN60	0.45/195 • 0.50/155 • 0.60/110

RUNNER 60

PRECISE

Extremely precise Reel • Correct swing line during the cast and recovery • Multi-stop braking system • Specially designed handle and body to allow a comfortable use • Interchangeable grip (right to left) • Light Graphite body

Carrete extremadamente preciso • Perfecta oscilación de la línea durante el lance y la recuperación • Sistema de frenado multi-stop • Cuerpo y empuñadura diseñados especialmente para un manejo confortable • Empuñadura intercambiable (derecha/izquierda) • Cuerpo de grafito ligero

Moulinet extrêmement precis • Système qui permet un swing correct de la ligne lors du lancement et de récupération • Système du freinage multi-stop • Corps et poignée spécialement conçue pour une manipulation confortable • Poignée interchangeable (droite à gauche) • Corps en graphite léger.

CAPTURE BAITRUNNER 500

Excelent oscillation system • Multi-stop clutch • It is specially designed to cover almost all carp fishing techniques • High-quality finishing • Comfortable vody and handle • Ambidextrous (right/left) • Very balanced rotor • Graphite body

Excelente sistema de oscilación • Sistema de frenado multi-stop • Para todas las técnicas de la pesca de la carpa • Acabado de alta calidad • Cuerpo y empuñadura confortables • Empuñadura intercambiable • Rotor muy equilibrado • Cuerpo de grafito

Excellent système d'oscillation • Équipé du système de frein multi-stop • Il a été développé pour pouvoir être utilisé pour tous les type de pèche de carpe • Finitions d'haute qualité • Corps et poignée confortables • Poignée interchangeable de droite à gauche • Rotor très équilibré • Corps en graphite

FISHING STRENGTH

The strength indicated on it has been studied on illustrative way, based on fishing action* to allow that you can try the exact diameter that you will need. The diameters has been calibrated by information technology. *Based on parameters as weight and strength of fish combining use of line with rod, reel, length and natural fresh/salt water strength.

La resistencia indicada en los hilos ha sido estudiada de forma orientativa y basada en la acción de pesca*, para que puedas escoger el diámetro justo. Los diámetros han sido calibrados mediante computación. *En base a parámetros como el peso y la resistencia del pez con el uso combinado del sedal con la caña, carrete, longitud empleada, resistencia natural del agua salada/dulce.

La résistance indiquée en eux a été étudiée de manière orientée et basée sur l'action de pêche * afin que vous puissiez choisir le bon diamètre. Les diamètres ont été calibrés par calcul. * Basé sur des paramètres tels que le poids et la résistance du poisson lors de l'utilisation combinée de la ligne avec la canne, le moulinet, la longueur utilisée, la résistance naturelle de l'eau salée et de l'eau douce.

yuki Seaguar® FLUOROCARBON INVENTOR

EVERYTHING SEES NOTHING NUNCA SE VE VOUS NE VOYEZ JAMAIS

Virtually Invisible. Almost Invencible. Fish won't know what hit them, and you'll know you can hold them. As the inventor and world leader in fluorocarbon line, we've developed exclusive resins and extrusion technology. Making Seaguar fluorocarbons superior to monofilament and stronger and more durable than other fluorocarbons. Seaguar 100% fluorocarbon, 100% incredible.

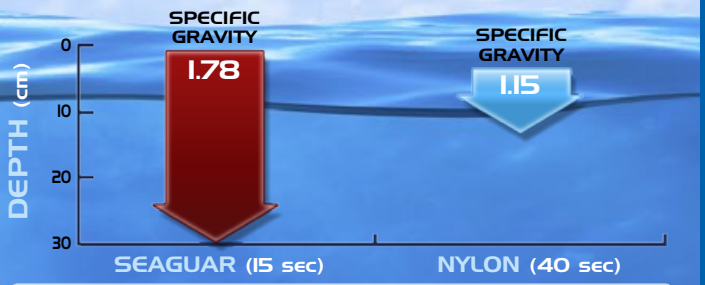
Virtualmente Invisible. Casi Indestructible. El pez no se percatará de su captura y sabrás que puedes luchar con él sin temor. Como inventor y líder mundial en la línea de fluorocarbono, hemos desarrollado resinas exclusivas y tecnología de extrusión. Hacemos que los fluorocarbonos Seaguar sean superiores al monofilamento, más fuertes y duraderos que otros fluorocarbonos. Seaguar 100% fluorocarbono, 100% increíble.

Virtuellement Invisible. Presque Indestructible. Le poisson ne se rendra pas compte qu'il était coincé, et vous saurez que vous pouvez vous battre avec lui sans crainte. En tant qu'inventeur et leader mondial de la ligne des fluorocarbures, nous avons développé des résines exclusives et une technologie d'extrusion. Nous fabriquons des fluorocarbures Seaguar supérieurs au monofilament, plus solides et plus durables que les autres fluorocarbones. Seaguar 100% fluorocarbone, 100% incroyable.

NEARLY IMPERVIOUS
PRÁCTICAMENTE IMPERMEABLE
PRESQUE IMPERMÉABLE

Seaguar lines maintain its original quality while nylon line loses it strength and becomes thicker in water Las líneas Seaguar mantienen su calidad original, mientras que la línea de nylon pierde fuerza y se vuelve más espesa en agua Les lignes Seaguar conservent leur qualité d'origine, tandis que la ligne en nylon perd de la solidité et devient plus épaisse dans l'eau

SKINS FASTER
HUNDIMIENTO RÁPIDO
EFFONDREMENT RAPIDE

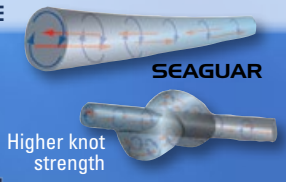


Seaguar lines gets you to the strike zone faster Las líneas Seaguar permiten llegar a tu zona de pesca más rápido Les lignes Seaguar vous permettent d'atteindre votre zone de pêche plus rapidement

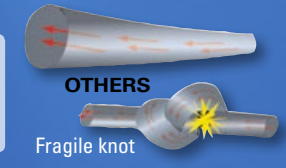
VIRTUALLY INVISIBLE
VIRTUALMENTE INVISIBLE
VIRTUELLEMENT INVISIBLE

The closer the refractive index is to the water, the harder is it for the fish to see Cuanto más cerca esté el índice de refracción del agua, más difícil es para los peces verlo Plus l'indice de réfraction de l'eau est proche, plus, difficile pour le poisson de voir

Multidirectional polymer structure



Unidirectional polymer structure



OPTIMAL TENSILE STRENGTH
RESISTENCIA ÓPTIMA A LA TRACCIÓN
RÉSISTANCE À LA TRACTION OPTIMALE

Seaguar lines maintain optimal tensile strength because it absorbs less water Las líneas Seaguar mantienen una resistencia a la tracción óptima porque absorben menos agua Les lignes Seaguar conservent une résistance à la traction optimale car elles absorbent moins d'eau

UNIQUE DOUBLE STRUCTURE
DOBLE ESTRUCTURA ÚNICA
DOUBLE STRUCTURE UNIQUE

MAINTAINS KNOT STRENGTH
MANTIENE LA RESISTENCIA DEL NUDO
MAINTIENT LA FORCE DE NOEUD

Maintain knot strength in high-speed hook-ups and hook-sets Mantiene la resistencia del nudo en conexiones para altas velocidades y enganches rápidos Maintient la force du noeud dans les connexions pour des vitesses élevées et des crochets rapides

MADE IN JAPAN

Made in Japan with the latest technology, YUKI hooks are the fisherman's perfect weapon for both sea and freshwater. Manufactured with an special combination of carbon material that gives them the highest resistance against the biggest strains, also on the extremely fish opposition. Chemically sharpened to multiply the hooking success, makes YUKI hooks an accessory range without precedent. The surface treatment prevents corrosion on extreme conditions and gets a perfect bait presentation on the bait and rig. The big range of models and sizes cover all sea fisherman requirements as on surf casting, float, boat or competition in fresh and saltwater fishing

Fabricados en Japón con los mejores medios y la última tecnología, los anzuelos YUKI son el arma perfecta para el pescador de mar y agua dulce. Su construcción en carbono o acero al tungsteno les proporciona una elevadísima resistencia ante los mayores esfuerzos. El afilado químico multiplica la capacidad de penetración, convirtiendo esta gama de anzuelos en una herramienta sin precedentes en el clavado de nuestra presa. El suave tratamiento exterior evita la corrosión en las condiciones marinas más severas, ayudando a conseguir una perfecta presentación del cebo en nuestro bajo de línea. La amplia gama de modelos existentes cubre todas las necesidades del pescador de mar, ya sea de surf-casting, boya, embarcación, o competición

Fabriqués au Japon avec les meilleurs matériaux et les dernières technologies, les hameçons Yuki sont l'arme parfaite pour le pêcheur en mer. La construction en carbone offre une grande résistance. Son affûtée chimique multiplie la capacité de pénétration et rend cette gamme d'hameçons un outil sans précédent, piquant parfaitement le poisson. Le traitement extérieur évite la corrosion dans les conditions les plus rudes et une présentation de l'appât parfait sur la ligne. La vaste gamme des modèles existants couvre tous les nécessitées des pêcheurs de la mer, surf casting, bateau, ou la compétition.

SIMBOLOGY

FLOATING — Lure that works on surface or nearby
Señuelo que trabaja en superficie o cerca de la misma
Leurre qui travaille au surface ou proche

SINKING — Estimated depth where lure works
Profundidad aproximada a la que trabaja el señuelo
Estimation de la profondeur où le leurre travaill

DEPTH 1,5m 4,92ft — Lure that works on diferent depths
Señuelo que trabaja a diferentes profundidades
Leurre qui travaille sur différent profondeur

NOISE — Loud lure
Señuelo sonoro
Leurre sonore

LUX COOLER

Revolutionary cooler that has the best features on the market, no other cooler can compare. Very sturdy with its thick thermal insulation and sealing layers used in the fabrication process. Keeps the cold up to 10 days! Attention to detail, it has practical rubber fixing locks, resistant and easy to use, non-slip rubber legs, drain plug that allows the total drainage of the cooler, and also sturdy and comfortable transport handles. The 90, 120 and 140 liters version also have rubber transport wheels and an extractor valve for the internal air. ¡The best cooler in the world!

Revolucionaria nevera que mejora las prestaciones de cualquier otra existente en el mercado. Muy robusta, gracias a las gruesas capas de aislamiento térmico y sellado empleados en su fabricación, ¡aguanta el frío hasta 10 días! Cuidada al máximo en cada detalle, dispone de prácticos cierres de fijación de goma resistentes y fáciles de manejar, patas de goma antideslizantes, tapón de desagüe con orifico de salida inclinado que permite el vaciado total del interior, así como robustas y cómodas asas de transporte. Las versiones de 90, 120 y 140 litros disponen de ruedas para el transporte y válvula extractora del aire interior. ¡La mejor nevera del mercado!

Frigo révolutionnaire qui meilleure les avantages de toutes les autres qui sont dans le marché. Très robuste grâce à l'épaisse couche d'isolation thermique et scellage utilisés dans sa fabrication. Préserve le froid jusqu'à 10 jours! Maintenue au maximum dans chaque détail, elle a des pratiques fermetures fixation à caoutchouc anti dérapage résistants et faciles à utiliser, jambes de caoutchouc anti dérapage, bouchon de vidange avec orifice de sortie qui permet de vider totalement l'intérieur, et aussi robustes et confortables poignées de transport. Les versions de 90, 120 et 140 litres ont des roues pour le transport et valve d'extraction pour l'aire intérieure. ¡La meilleur frigo du marché!

RUBBER 3 MM

Keep net rectangular, 3 mm rubber mesh, which makes it super tough, repels water immediately, avoiding odors. Reinforced structure to provide maximum safety and protection from rocks and other materials

Rejón rectangular con malla rubber de 3 mm, que lo hace súper resistente; expulsa el agua de inmediato, evitando así los olores. Aros reforzados para proporcionar la máxima seguridad y proteger la malla de roces contra las piedras y otros materiales

Bourriche rectangulaire maille de rubber 3 mm, qui est très résistante, expulse l'eau immédiatement, en évitant les odeurs. Anneaux renforcé pour fournir maille de sécurité et une protection maximale de frottement contre les roches et autres matériaux

Ref.	Hoops	Meters	Un.	
REJ602	10	4,00	1	

RUBBER 6 MM

Keepnet round, made of 6 mm rubber mesh, which makes it super tough, repels water immediately avoiding odors. First ring diameter: 55 cm the remaining rings 45 cm. Support handle for easier transport

Rejón de boca redonda fabricado con malla rubber de 6 mm que le convierte en súper resistente; expulsa el agua de inmediato evitando así los olores. Diámetro del primer aro: 55 cm, y el resto 45 cm. Dispone de un asa para facilitar el transporte

Bourriche bouche ronde faite en caoutchouc maille 6 mm qui qui est trés résistante, l'eau est immédiatement expulsée en avitant les odeurs. Diamètre du premier anneau : 55 cm et 42 cm pour le reste. Il a une poignée pour faciliter le transport
